General information

Collection	Tumbled
Material	Natural stone (marble, limestone and serpentinite)
Look	Antiqued, Old-World
Surface finish	Honed
Edge	Tumbled
Application	Interior floors and walls, including wet areas
Nominal thickness	3/8" (10 mm)
Colours	Calacatta Lino, Calacatta Viola, Crema Marfil, Emperador Dark, Reverie Grey, Rosso Levanto, Blue Paver, Verias Green

Featured products

Colour	Finish
Calacatta Lino	Honed
Calacatta Viola	Honed
Crema Marfil	Honed
Emperador Dark	Honed
Reverie Grey	Honed
Rosso Levanto	Honed
Blue Paver	Honed
Verias Green	Honed

SIZES

Size (imperial)	Size (metric)	Thickness
4" x 4"	100 x 100 mm	3/8" (10 mm)
6" x 6"	150 x 150 mm	3/8" (10 mm)
8" x 8"	200 x 200 mm	3/8" (10 mm)

Every colour is offered in the honed finish across all three square formats.

Technical performance

Tumbled is a natural stone collection of marble and limestone. Because natural stone varies from block to block, measured performance values such as slip resistance, water absorption, frost resistance and breaking strength are not currently published for this collection.

For project-specific performance requirements, contact your Stone Tile consultant.

Installation & care

Application	Interior floors and walls, including wet areas
Exterior use	Not recommended; supplied at 3/8" (10 mm) nominal thickness for interior applications
Installation method	Thin-set method using a white, non-staining polymer-modified stone mortar, over a sound, clean, flat, cured substrate
Sealing	Natural stone is porous — apply a penetrating stone sealer before grouting and periodically thereafter
Movement joints	Provide movement (expansion) joints per TTMAC (Canada) / TCNA (US) guidelines
Maintenance	Clean with a pH-neutral stone cleaner; avoid acidic or abrasive cleaners, which can etch marble and limestone

Note: Installation methods vary depending on design. Contact your Stone Tile consultant for additional information.

Disclaimer: The installation guidelines provided are the manufacturer's recommendations only. Stone Tile is not responsible for the installation of this product. Always consult a qualified installer and follow all applicable building codes.

Environmental & certifications

Environmental and certification documentation is not currently published for this collection. For project-specific certification requests, contact your Stone Tile consultant.
